FOOTBALL

OUR MISSION

We are fans as well as manufacturers, so we only produce kit that we would want to wear ourselves. Our mission is to create the perfect result, first time and every time. From the smallest garment detail to the largest shipment manifest, our highly trained staff are capable, knowledgeable and thorough.

OUR VISION

We pride ourselves on our values – ensuring that our approach and our relationship with customers is conducted in a professional and efficient manner. These values also serve our business well internally, making certain that our customers receive the best possible experience.

OUR PORTFOLIO

VO2 are UK based and proud to be part of the Sports & Leisure Brands Ltd group of companies, specialising in the design and manufacture of high performance sportswear for elite competitors in a wide range of sporting disciplines.

PERFORMANCE FIT FOOTBALL SHIRT

PRODUCT DESCRIPTION

Offering an athletic fit for a sculpted look, the VO2 Performance Fit Football Shirt is the pro choice for striking team wear. Manufactured from the lightweight Delta 200 fabric which is strong and highly breathable to keep you looking fresh and in control. The natural stretch allows complete freedom of movement and the unique x-over-pro style collar is flexible and robust enough for the toughest challenges. Perfectly matched with VO2 Football Shorts and available in adult sizes for the serious player.

PRODUCT FEATURES

- Constructed using Delta 200. This technical fabric is lightweight and highly breathable to keep you cool and fresh.
- Athletic fit with set-in sleeves and longer back panel for a sculpted look.
- Hardwearing, anti-piling and colour fast for excellent garment life.
- Fully sublimated for exceptional design, logo and sponsor applications.
- Naturally stretching fabric with a soft feel for comfort.
- X-over-pro collar is strong, flexible and offers further customisation options. Taped at the back for strength and wear resistance.

PRODUCT SIZING

- Available in Mens sizes XS - 4XL

CLUB FIT FOOTBALL SHIRT

PRODUCT DESCRIPTION

The VO2 Club Fit Football Shirt is the classic garment for every football team. Raglan sleeves help to minimise chaffing and the longer scooped back panel completes the professional look, tucked in or not. Manufactured from the lightweight Blast 140 fabric which is strong and highly breathable to keep you looking fresh and in control. The unique v-neck collar is easy to wear, looks great and is reinforced for strength. Perfectly matched with the VO2 Football Shorts and available in adult and junior sizes, and with short or long sleeves for all variations of the beautiful game.

PRODUCT FEATURES

- Constructed using Blast 140. This technical fabric is lightweight and highly breathable to keep you cool and fresh.
- Modern football shirt style with raglan sleeves and longer back panel for a professional look.
- Hardwearing, anti-piling and colour fast for excellent garment life.
- Fully sublimated for exceptional design, logo and sponsor applications.
- Naturally stretching fabric with a soft feel for comfort.
- V-neck collar is taped at the back for strength.
- Available as a long and short sleeved garment.

PRODUCT SIZING

- Available in Mens sizes XS - 4XL
& Junior sizes XSY - XLY.

GOALKEEPER SHIRT

PRODUCT DESCRIPTION

Perfect kit for the goalie, the VO2 Goalkeeper Shirt features long sleeves and elbow padding to resist tough pitches. Raglan sleeves help to minimise chaffing and the longer scooped back panel completes the professional look, tucked in or not. Manufactured from the lightweight Blast 140 fabric which is flexible and highly breathable to keep you looking fresh and in control. The unique v-neck collar is easy to wear, looks great and is reinforced for strength. Perfectly matched with the VO2 Goalkeeper Shorts and available in adult and junior sizes.

PRODUCT FEATURES

- Manufactured using Blast 140. This technical fabric is lightweight and highly breathable to keep you cool and fresh.
- Additional padding on the elbow and forearm to resist tough pitches.
- Modern shirt style, raglan sleeves and longer back panel for a professional look.
- Hardwearing, anti-piling and colour fast for excellent garment life.
- Fully sublimated for exceptional design, logo and sponsor applications.
- Naturally stretching fabric with a soft feel for comfort.
- V-neck collar is taped at the back for strength.

PRODUCT SIZING

- Available in Mens sizes XS - 4XL & Junior sizes XSY - XLY.

FOOTBALL SHORTS

PRODUCT DESCRIPTION

Classic fit football shorts manufactured from the highly breathable and strong Blast 140 fabric, for all levels of play.

FOOTBALL PRO SOCKS

PRODUCT DESIGN EXAMPLES

PRODUCT DESCRIPTION

Professional custom football socks, perfect for completing the look of your kit with the option to add club badges, text or almost any design elements. The elasticated ankle and instep adds to the comfort of the sock with gentle compression helping to hold it securely, improving the fit and ensuring maximum durability. The enhanced foot-bed minimises chaffing and provides cushioning for all day comfort.

PRODUCT FEATURES

- Enhance the finish of any football kit with uniquely customisable team socks.
- Add club badges, text or almost any design element in a wide range of colours.
- Durable finish and cushioned foot-bed for comfort.
- Rosso toe seam for a smooth comfortable finish and micro mesh knit foot vents to enable movement and breathability.
- Cotton/poly construction provides a high level of moisture wicking.
- Crease and UV resistant to keep the socks looking great for longer.
- Elasticated ankle and instep for comfort and control.

PRODUCT SIZING

Pro Socks are available in the following sizes:

- XS (UK Shoe size 9 - 12)
- Small (UK Shoe size 12 - 3)
- Medium (UK Shoe size 3 - 6)
- Large (UK Shoe size 6 - 11)
- XL (UK Shoe size 11 - 13)

TEAM WEAR

WARM UP T-SHIRT

PRODUCT DESCRIPTION

With a regular fit and short sleeves the fully customisable VO2 Warm Up T-Shirt is the ideal garment for training sessions and pre-game workouts. The lightweight Spear fabric is highly breathable ensuring moisture is wicked from the skin quickly, keeping you feeling fresh and focused. The integral stretch weave provides flexibility and comfort for a natural range of motion.

TECHNICAL POLO

PRODUCT DESCRIPTION

Smart, stylish and functional. The fully customisable Technical Polo Shirt is constructed from high performance wicking fabrics which provide excellent sweat transference properties, ensuring you stay dry and fresh. Short raglan sleeves increase comfort and offer a relaxed fit, and the polo is finished with a three button closure and soft-feel collar for ease of wear.

PRO HOODIE

PRODUCT DESCRIPTION

Heavy-weight and cotton rich, with a huge range of customisation options to make your club kit or team wear stand out from the crowd. The soft fleece-like inner of the VO2 Pro Hoodie is warm enough for the coldest touch line or as a great warming up garment. Hood lining, sleeve and side panels and piping detail can be sublimated for unique designs and to compliment team kits. Chunky flat lace draw cords add a modern twist and finishing options including embroidery and printing.

PRODUCT SIZING

Our Team Wear garments are available in the following sizes:

- Junior Sizes XSY - XLY
- Mens Sizes 2XS - 4XL
- Womens Sizes 6 - 20 (Technical Polo Only)

BASELAYER TOP

PRODUCT DESCRIPTION

The VO2 Long Sleeve Baselayer is cut with a performance fit, contoured to the body for easy layering and improved dispersion of moisture from the skin.

PRODUCT FEATURES

- The ideal garment for layering during colder weather, helping optimise body temperature during training sessions and matches.
- Techfit fabrics are highly breathable to wick moisture from the skin quickly keeping you dry and fresh.
- Gentle compression garment for muscle support and improved hold.
- Lightweight and flexible for a second-skin comfort feel and a full range of motion.
- Easy wash and quick drying for simple kit management.
- Available in a gender specific fit and junior sizes.

BASELAYER LEGGINGS

PRODUCT DESCRIPTION

VO2 Baselayer Leggings provide additional muscle warmth and support without adding bulk. Minimal seams prevent friction against the skin.

PRODUCT FEATURES

- VO2 Baselayer leggings are available in full, 3/4 and short length.
- The ideal garment for layering during colder weather, helping optimise body temperature during training sessions and matches.
- Techfit fabrics are highly breathable to wick moisture from the skin quickly keeping you dry and fresh.
- Flat-stitched seams are specifically placed to reduce chaffing.
- Gentle compression garment for muscle support and improved hold.
- VO2 Baselayer leggings are available in Mens, Womens and Junior Sizing.

CASE STUDY: GREENBANK F.C.

STEP 01

OCT 2017 - INVITED TO TENDER

Not long after the 2017 / 2018 season had kicked off, Greenbank F.C. decided to change their kit supplier. They had experienced issues with the previous supplier including missed delivery deadlines resulting in some of their teams not received kit until well into the new season, despite ordering in plenty of time. VO2 were invited to tender for the business along with 35 other suppliers and to assist with the application we produced an artwork design proposal and supplied sample garments to show the quality and finish of the garment ranges.

STEP 02

FEB 2018 - TENDER WON

Around 20 suppliers completed the tender and the club quickly narrowed this down to a short list of three, one of which was VO2. Following a club committee meeting Greenbank F.C. decided to select VO2 as their official club kit supplier for the 2018 / 2019 season and onwards. The deciding factors in the final decision were the quality and range of custom kit and the opportunity to work closely with a UK based business. Upon hearing the good news our in-house design team quickly completed the designs for the club including the addition of unique team sponsor logos and a bespoke number font.

STEP 03

MARCH 2018 - ORDERING PROCESS CONFIRMED

To help the individual team managers order the correct sizes required for the players the club decided to order a full size range of football shirts and shorts. This was quickly actioned, with garments being delivered to the club 4 weeks later. This allowed the team managers to see the garments in plenty of time and for players to try kit on before ordering. We also created a Club Shop through our online ordering facility YourClubShop.co.uk. This enabled team managers to order the kit they needed quickly and securely on account, and to upload their required sponsor logos directly at the point of ordering along with any additional logo placement information. The club secretary had instant access to all the required invoices and order details, confirming team orders and making payments before manufacture.

STEP 04

AUGUST 2018 - KIT DELIVERED

We arranged with the club that there should be two ordering windows. One so teams would have kit up to a month before the season kicked off ready for pre-season games, and the second so kits were delivered the week before the regular season began. Both ordering windows closed 6 weeks before the manufacturing deadline. In total 18 individual teams ordered new kits, all with unique sponsors logos to the front chest and some with additional sponsors below the back number and to the sleeve. The complete order consisted of over 600 garments, and all were delivered in full and on time.

STEP 05

SEPTEMBER 2018 ONWARDS - INTO THE NEW SEASON

As the new season started there were still two teams that had missed the deadline, having been unable to get sponsorship in time. Once these orders were confirmed we pressed on with manufacturing the garments promptly to ensure the young players had their new kits as quickly as possible. Our standard delivery lead time is 3-6 weeks. We look forward to working with Greenbank F.C. for the rest of the current season and into 2019/ 2020.

“

We're delighted with our new VO2 team kits. The attention to detail during the design stage enabled us to create a modern, bespoke, high quality kit, all at an affordable price.

The ordering process has been made simple with our own online shop, which allows managers to order quickly and easily. VO2 have continued to deliver to the timescales agreed and offer ongoing support to all our managers when ordering.

We're looking forward to working with VO2 for many years to come.

Thank you.

SHANE WARD
GREENBANK F.C.

ENGLAND CLOTHING

YOUR CLUB SHOP

SIMPLIFY TEAM KIT MANAGEMENT

Organising, ordering and paying for club kit can be a headache. There can be minimum order quantities, cheques to be cleared and multiple deliveries to wait in for. So we decided to make life easier for club secretaries and kit managers by creating YourClubShop.co.uk to take care of the logistics for you.

This service is available **FREE** to all our customers. As well as being able to let your club members order individual items of kit throughout the year, we have introduced a brand new **ORDER WINDOW** system that gives members access to great **BULK ORDER** prices with the ease and convenience of independent purchases.

HOW IT WORKS

- 1. SELECT YOUR DATES:** First of all, choose the dates you want your order window to be open for (the duration is up to you, but remember a shorter window means you'll get your order quicker).
- 2. ORDER ONLINE:** Next, tell your club members that they can log-in and order the items they want. Payment for items will be taken at checkout, and as long as your members order within the window time frame, they will benefit from bulk pricing.
- 3. GET YOUR DELIVERY ESTIMATE:** Finally, once the order window is CLOSED we'll collate the order and contact you regarding shipping costs. We will then begin manufacturing the garments and give you a delivery timescale of when you can expect your products.

SIZE CHARTS

VO2 Football Size Charts are of body measurements only, not garment measurements. We do the work in our patterning to ensure that VO2 clothing is cut with the right amount of room to fit the measurements stated on the guide. We encourage you to measure yourself before choosing what size to order.

MENS		XS	S	M	L	XL	2XL	3XL	4XL
TO FIT CHEST	INCHES	34	36	38	40	42	44	46	48

- 1) CHEST: Measure around the fullest part of your chest, keep the tape level, under your arms and breathe naturally.
- 2) WAIST: Measure around your natural waistline, mid way between belly button and bottom of your rib cage.

ORDERING PROCESS

At VO2 we aim to make the process of ordering team kit as simple and straightforward as possible. Whether you are ordering just a few items, or in charge of ordering kits for every age group in your club, the process is always the same. The following outlines the steps to create and receive delivery of your custom team kit.

PRODUCTION LEAD TIMES

We're based in the UK and have a helpful team on hand to ensure we deliver our promises. Our lead times, typically 3 - 6 weeks, are some of the fastest available and we'll always give you a realistic date for your order to arrive.

UNSURE OF YOUR SIZES

The loan of size samples is a free of charge service if you return the samples to us in pristine condition.

PLACING YOUR ORDER

Orders can be placed directly through our customer services team or via our online Club Shop facility at YourClubShop.co.uk

THE DESIGN PROCESS

If you have a design in mind, our experienced Artroom Team will assist you in placing your logos in the correct positions to bring your ideas to life. We can even match an existing design from another manufacturer, supply us with a sample garment or an old artwork proof and we'll do the rest. As soon as we have clear instructions we will create the design proofs and forward onto you to approve before manufacturing any garments.

BILLING & DELIVERY

We require full payment on all first orders. All future orders require an initial deposit of 50% when placing the order to secure production time. The remaining 50% is due upon receipt of purchase.

Deliveries will be dispatched by our mail carrier and can take up to 3 - 5 working days.
